MEMORANDUM FOR: Chief, JFK Declassification  
Project/HRP/OIM/DA

FROM: Fredrick C. Wickham, Jr.  
Chief, Information Management Staff,  
External Support Group

SUBJECT: DO Results of New Search for JFK  
Assassination Records

1. This memorandum is in response to the request from the staff of the Assassination Records Review Board (ARRB). The staff requested that the CIA issue an Agency-wide employee bulletin for a new search for JFK Assassination Records. OIM-98-0081 dated 30 July 1998 was issued.

2. DO/Information Management Staff ran a corporate search of COMET, the DO's electronic message repository. That search generated some 128 hits. Michelle Combs of the ARRB staff reviewed the search results and selected three records for inclusion in the JFK assassination records collection.

3. The three selected documents have been sanitized with Ms. Combs' concurrence. The sanitization is more extensive than JFK guidelines because of the documents' proximity to the present and to current sources and methods.

4. The documents are not herewith attached. They are being provided separately by DO/IMS/ESG/HCS.
